

Audiologists

Unlock your potential - work for New Zealand's fastest growing independent provider

At National Hearing Care, our mission is to improve the hearing of people through excellence in client care. As well as providing comprehensive hearing assessment services and prescribing the worlds leading brands in hearing devices, we also offer specialist treatments such as for tinnitus.

We are already Australia's largest private hearing services provider and following our move into the New Zealand audiology market, we now have opportunities in the following areas:

Whangarei

Auckland South

New Plymouth

Wellington

North Shore

Hamilton

Tauranga

Nelson

Auckland Central

Hawkes Bay

Palmerston North

Christchurch

The spread of our network together with the investment we have made in the latest clinical equipment [e.g. Audioscans for all clinicians] and leading edge information technology enables us to offer you a Career, not just a job! We support you through:

- A structured career development pathway
- Comprehensive orientation program followed up by ongoing training
- Clinical specialisation opportunities
- Sophisticated developed audiology support systems and technology
- Continuing professional development
- Student supervision opportunities

And, you can enjoy a wide choice of locations without the need to travel to visiting sites while earning a *Best in Industry* remuneration package. We also offer relocation assistance.

We invite you to join the National Hearing Care Team. To arrange a confidential discussion, please call our Chief Audiologist, Mike Williams on 021 569 076. Alternatively, email in confidence: james.whittaker@nationalhearingcare.co.nz

All applicants must be, or eligible to be a full member of the New Zealand Audiological Society.
