

Paediatric Audiology Manager Northern Cochlear Implant Programme

The Hearing House Auckland

- **Reflecting on a new and exciting opportunity for 2019?**
- **Want to be fully engaged and pivotal in making a difference?**
- **Supporting a growing research agenda?**

The Hearing House is a not-for-profit organisation that helps transform the lives of children and adults with hearing loss who have cochlear implants and hearing aids. Our purpose is to enable all people with hearing loss to hear, communicate and participate in society to their full potential. With a recent move to our contemporary, state-of-the-art new centre in Greenlane, Auckland, our team is poised for continued growth and further development of our programme and research focus.

Reporting to the Clinical Director your responsibilities will include providing audiology services delivered to international best practice standards, collaborating on research projects, mentoring and supervising students, and ensuring our team meets all necessary service and quality assurance protocols. This role will be responsible for the management of the paediatric programme and its team, delivering services to more than 250 clients.

This is a senior leadership role and ideal for a candidate with expertise in cochlear implant audiology, a proven ability to manage internal and external relationships and successfully develop and lead a team of talented professionals.

To be successful, applicants should have a Master of Audiology and be a member of or a candidate for the New Zealand Audiology Society. In addition, well developed written and verbal communication skills and a minimum of 5 years' experience in paediatric audiology and at least 3 years working with cochlear implant technology is preferred.

The position is rewarding and varied with a focus on continuous up-skilling in the rapidly developing area of cochlear implant technology.

We offer an attractive remuneration package, a team of passionate professionals to work with and a commitment to ongoing professional development.

Applications for this role close on 10 January 2019.
