

PAEDIATRIC AUDIOLOGIST

Christchurch

Triton Hearing is the fastest growing Audiology Company in New Zealand. Our network of 60 clinics nationwide, provide exceptional hearing healthcare and client centered solutions. We are at the leading edge of innovation with a passion for the best client experience and clinician independence; exemplified by our world first private practice Teleaudiology program. We are also passionate about people - our teams and the communities they help. Our Consumer Trusted status means our clients can be 100% confident they will receive the best care from us. We are the only hearing healthcare company in New Zealand that has this accreditation and we are incredibly proud of this.

Our modern, custom built paediatric facilities in Christchurch allow our audiologists to provide world-class service to our paediatric clients and their families. The team are an established team, well versed in paediatric audiology and client administration.

For the right person we offer:

- Complete clinical independence with all product brands
- Well-equipped clinics with strong administrative support
- A competitive salary
- Tailored professional development, including supervision to keep up with paediatric certificate requirements
- A strong peer network, passionate about truly putting our paediatric clients and clinical excellence first
- Future leadership and international career potential within Sonova

We are seeking:

- An experienced Paediatric Audiologist
- Passion for helping paediatric clients to the best possible outcome
- A self-starter, excited about taking the next step in their career

If this feels like the company you would like to work for, please contact us for a confidential conversation on HRManager@tritonhearing.co.nz. We are looking for clinicians who want to shape the future of Audiology and be part of something unique and exciting.
