

TRITON
HEARING

Still wondering?

World's first commercial TeleAudiology Clinic. Triton Hearing Timaru, New Zealand. 2017

We have been busy at Triton Hearing. Our vision is to be the hearing care provider of choice for New Zealanders. To achieve this we looked to the future to inform what we do today. That has offered those that work for Triton Hearing a unique opportunity. The opportunity to work with the most progressive audiology business in New Zealand, and with the launch of our static and mobile TeleAudiology services, arguably the most progressive of any hearing healthcare company in the world.

It was a pleasure to see the significant jump in our brand recognition in a recent brand tracker survey. Our client centricity is certainly being noticed. I was also pleased to see that we are now seen as the innovation hearing care provider in New Zealand. As one of our five key strategic pillars, **Our Innovation** sets the tone for how we shall embrace the future of audiology and ensure that it remains world class.

Our relentless focus on our clients has not wavered. Nor has our steadfast policy to allow our clinical team to prescribe the hearing device of their choice, not the one they are told to use or pricing forces them to choose. This is a unique commitment; only Triton contractually obliges our clinicians to prescribe what is right for the client.

For the third time we have exceeded the very stringent requirements set by Consumer NZ to remain the only hearing healthcare company to achieve Consumer Trusted status. For me this recognition transcends any other award we may receive, as it is truly independent and not just based on a commercial relationship.

Our focus on the future means we are seeking clinicians to expand our network and our services. Whether you are currently studying for your MAud, working towards your CCC, an experienced CCC clinician or an Audiometrist member of the NZAS, we would very much like to hear from you.

You may be interested to discuss the following opportunities:

TeleAudiology Clinician

Our unique new service is now up and running in various clinics around New Zealand. If you are keen to find out more about how this service works and how it can offer you the level of work flexibility you never thought was possible, then please contact Craig Lett, Head of Innovation on 027 538 2062 or at craig.lett@tritonhearing.co.nz.

Clinic Lead

For more experienced clinicians who feel that they would like to be involved in the success of a clinic by taking on additional business responsibilities. You may already have the skills to fulfil this role, and if not, we will ensure you are supported by enrolling you in our internal High Performance Programme. If you are keen to find out more please contact Rosie Cliffe, Human Resources for a confidential discussion on 021 041 4981 or rosie.cliffe@tritonhearing.co.nz.

Audiologists - WHAKATANE, WELLINGTON & NEW PLYMOUTH

You may still be studying for your MAud or a senior clinician looking to fulfil your ambition to work for an organisation where you choose what is the right outcome for the client. You may be looking for a change in clinician direction and support our paediatric services or the rollout of vestibular triage service. If work life balance is important too, we have a number of part-time positions available and fully support a staged return to work programme that is right for you and your circumstances. Whatever your situation or level of experience, we are looking to the future and keen to discuss how you may be able to support Triton Hearing become the hearing care provider of choice in New Zealand. If you are keen to find out more please contact Rosie Cliffe, Human Resources for a confidential discussion on 021 041 4981 or rosie.cliffe@tritonhearing.co.nz.

Regional Manager

Our clinic network is split into three regions. Upper North Island, Lower North Island and the South Island. We are currently seeking expressions of interest from clinicians who are looking for a unique opportunity to use your clinical experience in a pivotal management role. Our Regional Management team are very much part of the senior leadership team within Triton Hearing. To that end, we believe our Regional Management role offers a unique training and development opportunity. You will be shaping our future in a very supportive and inclusive management team. If you are keen to find out more please contact Rosie Cliffe, Human Resources for a confidential discussion on 021 041 4981 or rosie.cliffe@tritonhearing.co.nz.

Of course, and it goes without saying, if you want to talk to me in person about our strategic direction, then please do call or email to arrange a confidential conversation. I always enjoy the opportunity to discuss matters about this wonderful industry of ours and being open about our future plans. I would therefore also be delighted to host you at our offices in Remuera where our flagship clinic is located.
