

Clinical Support Audiologist

New Zealand (Auckland) (Full/Part Time)

Are you an exceptional Audiology professional looking for a new opportunity?

MED-EL is a world leader in hearing solutions with a product portfolio available in over 124 countries worldwide, including cochlear implants, electric acoustic implants, middle ear implants as well as bone conduction systems and implants.

Consider joining us on our mission to overcome hearing loss as a barrier to communication.

The Role

You will be responsible for the sales and support of the MED-EL product portfolio:-

- Be part of a team delivering the highest level of clinical and technical solutions, support and brand awareness to Audiologists, Surgeons, and other professionals working in the hearing solutions field.
- Support the introduction of new innovative technology to customers through education and training, promotional activities within your areas, as well opportunities to represent MED-EL at national/international events.
- People are the heart of our business and you will be making a difference in the lives of our patients every day. You will enjoy growing relationships and business through your engagement activities.
- Manage and grow the uptake of MED-EL technologies in New Zealand by providing excellent clinical support.

The Ideal Candidate

We are looking for people who have:-

- Post Graduate qualifications in Audiology with a minimum of 2 years' experience.
- Sound clinical skills and experience in communicating technical concepts to a variety of knowledge levels.
- Knowledge of hearing implantable devices and/or hearing aids. Experience in sales would also be highly regarded.
- Motivation and drive as their middle name, a self-starter with the ability to work and learn both autonomously and within our great team.
- A can do attitude, plus proven problem-solving skills. Someone who enjoys a challenge and thrives on result

To Apply or Enquire:
